

Robbie Welker

Etymology!

WORD: DAM

A barrier to obstruct the flow of water, usually built across streams or rivers. The word dam can be traced back to middle English and before that middle Dutch. Early dam building began in Mesopotamia in the middle east. Dams were used to control the water level, because Mesopotamia's weather was unpredictable and could cause flooding at any given moment. The earliest dam is the Jawa dam in Jordan, the structure is dated to 3000 B.C.

WORD:GHOST

A ghost, specter, or phantom is believed to be the apparition of the soul or spirit of a dead person or animal in visible form or other manifestation. Descriptions of ghosts vary from an invisible presence, a translucent shape, to a realistic, lifelike figure. The belief of manifestations is widespread around the world. There are three different types of ghosts, residual and intelligent. Residual is like a tape recorder stuck on repeat, the ghost has no idea you are there and keeps doing the same thing over again. A Intelligent ghost knows you are there and will inter act with you.
